

## Sension+ Benchtop Meters

From basic pH meter with superior price position up to multi parameter solutions with optional bi-directional PC connection: Sension+ offers complete solutions for any kind of electrochemistry measurement tasks. Each system is designed for a wide variety of applications and comes complete with everything you need to start testing.

All Sension+ benchtop kits are supplied with meter, probe, integrated probe stand and stirrer, carrying case and all required accessories, making it simple to grab the kit and begin testing immediately.

The comprehensive Sension+ probe portfolio allows you to choose the most adequate measuring system configuration for your application and testing environment.

Part Number	Kit?	Model	Probes included?	Parameter	AED Price
LPV2110T.98.002	Yes	pH31	Yes	pH, mV, ORP/Redox, Temperature	
LPV3070.98.0002	Yes	EC7	Yes	Conductivity, Salinity, Resistivity, Temperature	
LPV3170.98.0002	Yes	EC71	Yes	Conductivity, TDS, Salinity, Resistivity, Temperature	
LPV4140.98.0002	Yes	MM374	Yes	pH, mV, ISE, ORP/Redox, Conductivity, TDS, Salinity, Resistivity, Temperature
